Commute Time

ACS five-year estimate of the number of Workers Age 16+ whose Commute Time to work is 40-44 Minutes in the geographic area. Commute time is the average total number of minutes that the responder spends traveling between home and work one-way; includes time spent waiting for public transportation, picking up/dropping off passengers in carpools, and other activities directly related to commuting, such as purchasing transit tickets, waiting in traffic, etc. Responders include civilians and members of the Armed Forces; excludes those who work at home. Estimate and Margin of Error (MOE) from the U.S. Census American Community Survey (ACS) rolling sample 60-month survey; Esri Reliability measure designates the usability of the estimate
